LIFE INSURANCE.

THE KNICKERBOCKER
MUTUAL LIFE INSURANCE COMPANY,
OF NEW YORK.
Southern Branch, SAVANNAH, Ga.,

A. WILBUR, *Manager.*
R. D. ARNOLD, *Consulting Physician.*

THE ONLY BRANCH OFFICE OF LIFE INSURANCE IN THIS SECTION WHERE POLICIES ARE ISSUED AND LOSSES PAID.

ASSETS NEARLY
$5,000,000.
ANNUAL INCOME NEARLY
$3,000,000.
Annual Dividends nearly 50 per cent.

$73,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIable Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premium to Policy-Holder.
All Policies non-forfeitable, as the insured can at any time, on demand, get its surrender value.
NO RESTRICTIONS ON RESIDENCE OR TRAVEL.
NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY. Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid.

And is THE Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and SAFE as any Company in America.

HAVING BEEN APPOINTED THE REPRESENTATIVE OF THE LONDON LIVERPOOL AND GLOBE INS. CO. WHOSE CAPITAL AMOUNTS TO
$17,000,000 IN GOLD.
I am now prepared to Insure all kinds of
PUBLIC AND PRIVATE BUILDINGS, RAILROAD DEPOTS, SHOPS, ROLLING STOCK, BRIDGES AND TRACKS, FACTORIES FOUNDERIES,
MILLS AND MERCHANDISE,
IN ANY PART OF NORTH CAROLINA AT EXCEEDING LOW RATES.
I will when desired issue Permanent Policies which insures the property specified forever, unless the assured chooses to cancel his Policy in which event all the premium he has paid will be returned less five per centum.
The loss of a Court House or other Public Building at the present time would be a public calamity, whereas a trifling amount paid for a policy
WILL SECURE A SUFFICIENT SUM TO REBUILD SHOULD THE PROPERTY BE DESTROYED BY FIRE.

LIFE INSURANCE.

ALL CASH PLAN OF THE
ÆTNA
LIFE INSURANCE COMPANY,
OF HARTFORD, CONN.

W. H. CROW, General Agent for North Carolina and Virginia, South of the James.

Accumulated Capital, over	$10,000,00
Annual Income,	6,000,000
Surplus, above Liabilities,	2,000,000

THE ÆTNA
Has $136 Assets for every $100 Liabilities.
ALL POLICIES STRICTLY NON-FORFEITING.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.
Dividends may be used to reduce the annual Premium, or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The ÆTNA Issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium, may be paid each year and the dividens applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.
When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premium—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.
The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income, until death, unless he shall have previously received full payment of the Policy.
The New York *Insurance Monitor* says of the ÆTNA:
"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, APRIL 14, 1869.

OUR WANTS.

A few days ago we directed your attention to four things greatly needed in the South. Without to-day attempting any elaborate discussion of so important a topic, we would add a word or two to what we have already said. This old North Carolina, laughed at often, as we have heard, by the "witlings," as Judge Gaston well called them, of other States, is still a great and honored Commonwealth. Whatever ignorant or prejudiced people not of her may say, she has a population equal to any in all the elements that constitute a noble people.

About last September we were in Columbia, Maury county, Tenn, the richest in that State. At 12 o'clock at night, in company with the gallant and courteous Gen. Pillow, we took a seat in the cars for Memphis. The gentleman with whom we occupied a seat was a distinguished citizen of over sixty years of age from Mobile. At the time we were ignorant of him and his place of residence. In the course of our long ride, he remarked, "I give this as my opinion after forty years residence in Alabama: The best citizens I have yet known in that State were North Carolinians, and they are to be found in every branch of human industry. Now, sir, you think I am a North Carolinian, but I am not. I was born in Tennessee, and for forty years have lived in Alabama." Of course, we agreed with him, and we believe now, after travelling in many of the Southern States, that we have the best population on the globe. Our lands may not be so productive, but we have incomparably better water, and atmosphere, and climate, and morals. Besides, we have a greater diversity of soil, and far more mineral wealth. All we require, is peace at home, industry, practicability, enterprise and capital. Give us these, and we will soon take our place among the foremost States in any and every thing. Let us then have peace within our own borders!— What good citizen will not heartily and joyfully respond to this fervent, honest wish?

In North Carolina we can present the greatest inducements both to the capitalist and laborer. Have we not here the most bounteous bestowments of nature?— What do we lack in that regard? Do we want a soil that is fruitful and generous? We have known in ante bellum days $500 to be made to the hand in raising tobacco. Do we lack mineral wealth? See what has already been done, and that too without our people being a strictly mining people. In her mountains and in her valleys are hidden the most precious ores—a mine equal to

"Ormus gems and Golconda's wealth"—

a hidden fortune that would put to shame the fabulous deposits of Eldorado, and make a realization those waters of fortune that are supposed to have floated down the golden Pactolus in the days of "eld."

Do we lack a climate that is propitious to health? Read the census of 1860, and learn that the greatest average of human life was in our once favored State. Do we lack variety of soil? Examine the statistics and see how we produce almost everything, and in abundance, that can be grown on the Continent. Corn, wheat, oats; rice, potatoes, and barley; tobacco, cotton and fruit; clover, grasses, and vegetables in endless variety, are only some of the things that can be raised almost in any county. Besides these, we have our magnificent rivers with a water power sufficient to turn the wheels of a nation's factories, and our immense fisheries, and our inexhaustible mines filled with all kinds of the richest ores, and our tremendous forests, and our easy access to market. What more is lacking to render us a great, happy, free and prosperous people, but the necessary industry, some assistance in the way of capital, and harmony among ourselves! We "opine" nothing. Looking to Jehovah for favoring seasons, and to our own hands for the means of development, and our future will be fortunate and magnificent. Let us all be up and doing. †

A Model Appointee.—We remarked briefly yesterday on the nepotism of President Grant's administration. One of his recent appointments is James Wadsworth as U. S. Marshal for the State of New York. We are not advised as to whether he is a cousin of Grant's, or if he married into the Grant or Dent families. But this much has appeared, and the New York Sun (Radical) is responsible for it. He is a bankrupt to the amount of $283,574. He owes one man $68 00. †

Among the Democratic members of the United States Senate there are several men of distinguished ability. Probably the three best debaters are Messrs. Casserly, of California, Thurman, of Ohio, and Stockton, of New Jersey. Mr. Casserly has made two speeches in the Senate, and if we may trust the judgment of such papers as the New York *World*, and *Express* and the *National Intelligencer*, he is the most admirable master of Senatorial eloquence in the body of which he is a recent member. †

Rev. Dr. Stiles.—This reverend gentleman has been preaching with great effect in the Presbyterian Church in this city during the week just passed. He is acknowledged to be one of the most able and effective preachers in the country, and his sermons abound with great force of thought and expression. Large congregations have attended the services, all of whom have experienced great pleasure from the sermons. His labors here will no doubt be productive of great good.—*Wil. Jour.*

GEN. GRANT IN EUROPE.

Perhaps no President since our great Washington (whose influence over the American people has greatly waned within the last four year,) has commenced his career with more claims, real or reputed, upon the people of the North than the hero of Vicksburg. He had succeeded in making the unreasoning fanatics and the ductile multitudes of the North believe that he, indeed, was the great leader—the grand genius of war amid the three millions of soldiers brought against the handful of the South. It mattered not how sharply the military journals of Europe might criticise his campaigns and exhibit him as a mere sturdy fighter without great abilities as a commander, our Northern brethren only the more stoutly persisted in lauding his performances and in rendering him the more insignificant by reason of the silly comparisons they instituted. A quiet reversion of this judgment has been going on, and to-day, there are thousands of intelligent people in the Northern States who not only do not regard Grant as a really superior Captain, but who recognize in Gen. Lee the great warrior of America. We doubt not the time will come, when the relative merits of the two leaders will be fully understood by every ordinarily intelligent reader, and the judgment of the generations of Americans yet unborn will be the judgment of leading European critics of these times—that Grant is a plodding fighter and Lee a man of great military skill and genius.

We are led to make these remarks by a passage we have read in the last letter of the Paris correspondent of the New York *World*. Whether there be prejudice or not, as Grant's admirers may urge, the remarks are sufficiently pointed. We give a passage that our readers may see how, according to this writer, our President is viewed in France. He says:

"There is a general contempt in Europe for General Grant. As a military man he is despised. Lee is considered and spoken of here as "the great master of war." Grant's conduct since his election; his stupid silence about his Cabinet (instead of submitting their names for the action of public opinion); his contempt for law and his disregard of the courtesy of gentlemen in attempting to cancel President Johnson's last pardon; his disreputable bearing towards General Hancock; his scorn of public opinion in foisting General Sheridan upon the people of Louisiana; the narrow view he takes of the responsibilities and trusts of his high position (bestowing offices on men solely because they were personal friends); his blundering, confused, ungrammatical letters and speeches; his stolid awkwardness on the inauguration day; his allowing, without rebuke, Gen. Michler to introduce the menials of the President's house to him as "gentlemen" have increased the contempt felt for him; and, naturally, this contempt is reflected on the nation he represents. People in Europe think his administration will be known to the historian as the "Millennium of Blackguards." †

"THE SENTINEL."

The *Standard* is evidently quite elated at our candid statement yesterday as to our necessities. It says, that it is "plain" that "the *Sentinel* does not pay." We so stated, but we also gave the true reason—to wit, that we bought the *Sentinel* office obligating ourself to supply 3000 subscribers with their papers, *but without any compensation whatever*. That was a part of the contract. To do this has required a large expenditure of labor and means.

We call upon our friends—upon the true men of North Carolina—to sustain us, and we believe that they will do it. No doubt the *Standard* would greatly rejoice to have the *Sentinel* fail; no doubt it would be jubilant at any misfortune that might overtake us, but the genuine manhood of North Carolina will prevent such a calamity to the State and to us. We rely entirely upon their appreciation of our labors for our success. If we do not represent their interests, and defend, without fear of personal consequences their cause, then we deserve to fail. We have no Government patronage to back us up, and to keep our exchequer filled with greenbacks. Our chief—our only reliance is upon the people.

We may not receive money "fast enough to pay expenses," nor would the *Standard* if it relied upon the people of the State. We are not quite certain, from what we have heard, that the *Standard* really pays expenses with all of its pap drawn from State and National sources. But we are not concerned as to that. One thing we feel quite assured of, the *Sentinel* has twice as many subscribers, *who pay for their own papers*, as the *Standard* has. Nay, farther, we believe that a fair exhibit of the respective subscription books will show that we have received within thirty days, double the number of subscribers that have been sent to the *Standard*. But, if in this we are mistaken, we will not be greatly exercised. We know that the North is rich, and that Leagues can obtain money to flood a county or State with mischievous publications, when possibly the people have but little relish for them. †

MOTLEY, THE HISTORIAN.

Mr. Motley, who has been appointed Minister to England, is an exceedingly fine scholar, speaking German and other modern languages with the precision and accent of a native. He has had some diplomatic experience, having been Mr. Lincoln's Minister to Austria. We had supposed him qualified because of his unquestioned learning and ability, for any foreign service, but that would seem somewhat doubtful, if we are to base our opinion upon sundry passages in the New York *World*, extracted from his dispatches when at the Court of Vienna to be found in the Diplomatic Correspondence. These exhibit him as an exceedingly vain and inflated personage, and would disprove his claims to being sufficiently well poised in judgment and mental operations for any service abroad requiring statesmanship and diplomatic skill. He sounds his own fame largely, but disclaims all purpose to be egotistical. Our relations with England are of a delicate character, and it is to be trusted that no serious complications will arise from ministerial blundering or vain glory. †

IMPERIALISM.

At last, the project referred to some days since of starting a paper in New York to advocate the institution of a Monarchical form of Government for our Republicanism, which is regarded a failure, is meeting with deserved attention in various quarters. We may have something further to say in this connection at some future day, at present we content ourself with two extracts which show, that in the judgment of others, there is a decided tendency to Imperialism and Imperialistic ideas. The New York *Atlas* says:

"Imperialism needs no advocate here. Its seeds are sown. They are fast taking root. This is proved by the encroaching and lawless spirit which characterizes our present legislation in all parts of the country; by the multiplication of luxurious and extravagant amusements; by the steady increase of the extremes out of opulence and poverty; by the slow but [it would appear] sure absorption of the conservative middling class; by the quiet submission, generally manifested, to outrages which, ten years ago, would have excited an insurrection. If all this be not speedily corrected, the solution of these imperialistic tendencies and efforts will be realized in the not far distant future."

Once more. The New York *Saturday Courier*, impressed with corresponding views, remarks:

"We are not surprised at the appearance of this paper. It is the natural out cropping of a spirit of modes of thought and feeling far more prevalent in this country than easy going old fogies have any idea of. From the date of Grant's election we foretold the empire. We have reiterated the warning weekly since that time, and the *Imperialist* is an outward sensible sign; not only of the truth of our prophecy, but of the near approach of its accomplishment."

The *Standard* acknowledges the receipt of twenty subscribers from Bladen and thirty-one from Columbus. It received several large clubs last week—so is says.

We hope the white men of North Carolina will not permit scallawags and carpet-baggers to outstrip them in zeal and liberality. Send on your clubs and individual subscriptions. When the party that has taxed the people until they are about ruined is endeavoring to keep its organ grinding away will not the tax-payers—those that are oppressed and ruined—see to it, that the *Sentinel* is nobly and generously sustained? Remember, it stood by you and exposed the nefarious schemes and ruinous projects of your enemies, when there was no other watchman to sound the alarm. We believe that all will say that the Conservative organ at the Capitol has been a faithful *Sentinel*. †

SENATE CHAMBER,
RALEIGH, N. C., April 7, 1769.

Mr. Editor:—Your "Reporter" on yesterday, but not with intent, *grossly misrepresents* my action, in considering a bill to be entitled "an act to provide for the payment of the burial expenses of the late Hon. D. J. Rich." I regret this error, as it compels me to go somewhat in detail into a matter I have no disposition to refer to outside of the Senate Chamber, or elsewhere save in my seat as a Senator. But the attitude I am placed in, by the reporter, is so distasteful, that I feel I am only acting in self-defence, and in order to do self justice I must give the case of the whole transaction.

When the bill came up I offered the following motion.

That the resolutions (the bill) be referred to the Committee on Finance, and said Committee be instructed to report a resolution, as a substitute for the same, allowing for such articles only as were used in the burial of the late Hon. L. D. Hall, and such further sum as they may deem would have been necessary to carry the remains to the county of Pitt, the last residence of the late Hon. D. J. Rich.

I offered this motion because I observed that the bill was a well devised *blind*. It was not what it purported to be. Ostensibly, it appropriated $240. This was for "the payment of the burial expenses." I had no objection to this and said so in the Senate. But the covert part of the bill which appropriated in an *a-rait* way about $540 additional, was what I disapproved.— This was expressed in the bill, in the following words:

"And the Public Treasurer is also directed to pay the actual expenses, incurred by the committee accompanying remains, &c."

Now, sir, I ask, why was the round sum $780 not put in the bill? Why was $240 *expressed*, and $540 *covered up*? I shall never vote for any such measure.

I did not, Mr. Editor, "move," as your Reporter says "*to strike out the amount in the resolution.*" This, sir, was no part of my purpose. I could not do such a thing.— No sir, I voted cheerfully, to have the State defray the expenses, incurred in conveying the remains of Hon. L. D. Hall to Sampson county and *there* interring the same. I will always act in like manner and give similar votes in similar cases. I feel that when a member of the General Assembly dies here, in the service of the State, that he ought to be sent to, and buried among his constituents, at the expense of the whole people.— But I never will vote to tax my constituents and the whole of the State, to send one deceased Senator to Vermont, (as in this case,) another to Ohio, another to Oregon, another to Ireland, and still another to Africa.

In conclusion, Mr. Editor, I now tell you, and the people of the State, that this bill which has been engrossed, and sent to the House, has not passed the Senate but *twice*. It will, therefore, be *no law* when enacted. No one can show it has passed the Senate oftener than I state. *I defy any one to do so.*

Yours Truly,
W. L. LOVE.

Nearly Killed.—A white boy, named James Gilliam—and a negro boy, named Cass Lyon—had a fight Saturday. The negro knocked the white boy in the head with a hoe and broke his skull. Up to the latest account he knew Dr. Strudwick, the attending physician.

The fight began with the negro throwing the white boy down in a stable. A negro man parted them. The negro man then told the white boy to come and go to the field. As he started, the negro boy bleated. The white boy remarked that he "couldn't stand everything" and picking up a small stick—started towards the negro. The negro then struck with the hoe; the eye of the hoe entering the skull. He is not expected to live.—*Hillsboro Recorder.*

Governor Holden has made four appointments of Magistrates in this county, all of which give universal satisfaction to our people. The appointments are: C. E. Parish, T. H. Hughes, Hugh Woods and W. B. Lynch.—*Hillsboro Recorder.*

"A Company that makes such endorsements on its policies gives the strongest pledge that it will fulfil its trust faithfully, and keep its reserves sufficient."—Hon. Elizur Wright.

"The BROOKLYN LIFE has placed itself in the vanguard of insurance reform, and is the first Company that has done full and complete justice to the insured."—Insurance Times, Jan. 1869.

"The Brooklyn Life has made no half-way work of the adoption of this inestimable feature. It is noteworthy, in this connection, as a merited tribute to the excellent Company (Brooklyn Life,) which has so gallantly raised the standard of reform in Life Insurance, that we find in the whole list of existing Companies, few competitors which deserve so much credit in respect of economy of management, or care, skill and judgment in the selection of risks."—Ins. SYNOPSIS OF STATEMENT FOR 1868 OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,354 11
Income from Interest,	1,584 905 48
Total Income for the year,	8,746,259 59
Losses paid,	1 721,135 00
Dividends paid,	728,284 00
Total Losses paid to date,	8,089,833 00
Total Dividends paid to date,	2,197,2 8 09

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the part-credit system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and it makes all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $154 Assets securely invested for every $100 of its Liabilities.

SNOW.—We learn that it snowed here last night for some fifteen minutes. Ice was also formed. At Company Shops there was considerable snow.

N. C. (FIRE) HOME INSURANCE.—We again invite attention to the announcement of this Company, which will be found in another column. We are gratified to learn that its success is already guaranteed, and that its affairs are being conducted on an efficient and energetic scale. During the little over two months that it has been in *working existence*, it has issued, we learn, over one hundred and fifty policies,—a remarkably successful initiation. Agents have been, or are being, appointed in every locality in the State, and there is every reason to anticipate that this *Home* Company will soon take its stand among the firmest Corporations in the *Country*. We hope so. Let the people, by all means, patronize *our own* Institutions, when they can do so with safety to themselves.

WE LEARN that some $150 have been paid over to the Young Men's Christian Association, it being the proceeds of the Brignoli Concert, after paying expenses.—It will be remembered that certain gentlemen became responsible for a specified sum, the overplus to be applied as above. †

ANDREW JACKSON JONES.—The *Standard* says it is glad to see the papers of the State complimenting Andrew Jackson Jones Senator from Columbus and Bladen. He deserves no compliments. Jones employed every means to get his predecessor, Mr. Perdie, a far more worthy man, turned out of the Senatorship in order to get his place, when Jones was equally banned with Mr. Purdie. This, together with his career in the Legislature and elsewhere, must prevent our complimenting him. The compliment published in the *Sentinel* on yesterday by "Itinerant," cost some one $5. We will publish any number of compliments at the same price.

THE HILLSBORO' *Recorder* pays a handsome tribute to Joseph Hiden, of Orange county, Virginia. He must have been a true man. The notice thus closes:

"And now Mr. Hiden is dead. A man whose table was never refused to a soldier. He never asked for pay. If it was offered, he took it. Those officers who boarded their families under his roof will never forget him and his dear good wife. No matter what sort of enjoyment might be going on at the time in the parlor—regularly at nine o'clock at night a little bell was rung in his room, and the whole house was quiet.—Everybody understood that bell; for in a second or so Mrs. Hiden would enter the parlor, bearing a Bible in her hand, and Mr. Hiden following behind. She would then read a chapter, and he would pray. The good man has now gone to the Master he so well served."

We presume that Mr. H. was the father of the highly gifted pastor of the 1st. Baptist Church in Wilmington—the Rev. J. C. Hiden, who recently delivered a lecture in this city on the "Cosmopolitan Bug." †

REV. WM. HODGES, D. D., formerly the Rector of the Episcopal Church in Warrenton, has accepted Christ Church, Owensville, Md.

Mr. Rich, who has just returned from a visit to his plantation, about sixteen miles north of this city, reports a fall of snow on Monday evening. We also learn there was a little sprinkle near this city.—*Char. Times.*

NEGRO KILLED.—Thursday morning last about 8 o'clock a dispute arose between two negro men, employed on the plantation of the Messrs. Weil, which terminated in the killing of Jacob Underwood by Bill Bryant. The murderer escaped. So says the *Messenger.*

THE HOMESTEAD.

The General Assembly of North Carolina do enact as follows:

SECTION 1. *Homestead when and how exempted.* Whenever the real estate of any resident in this State shall be levied on by virtue of any execution, or any other final process, obtained on any debt, such portion thereof as may be occupied by the owner as an actual homestead, and which he may then elect to regard as such, including the dwelling and buildings thereon, shall be exempt from such levy, except under an execution or other final process issued for the collection of a debt contracted:

1. For purchase of said homestead.
2. For such work and labor done for the owner of the homestead, as may constitute a laborer's lien.
3. For such labor done on the premises as may constitute a mechanics' lien.
4. For taxes accruing on said homestead.

SEC. 2. *Sheriff's to summon appraisers.* Before levying upon any homestead thus owned and occupied, the sheriff or other officer charged with such levy shall summon three discreet persons, qualified to act as jurors, to whom he shall administer the following oath: "I, A B, do solemnly swear [or affirm] that I have no interest, near or remote, in the homestead exemption of C. D, and that I will faithfully perform the duties of appraiser [or assessor, as the case may be,] in valuing and laying of the same. So help me God."

SEC. 3. *Duty of appraisers.* The said appraisers shall thereupon proceed to value the homestead, with its dwelling and buildings thereon, and lay off to said owner such portion as he may select, or any agent, attorney, or other person, in his behalf, not exceeding in value one thousand dollars, and to fix and describe the same by metes and bounds.

SEC. 4. *Appraisers to make return.* They shall then make and sign in the presence of the officer, a return of their proceedings setting forth the property exempted, which shall be returned by the officer to the clerk of the court for the county in which the homestead is situated, and filed with the judgement roll in the action, and a minute of the same entered on the judgment docket.

SEC. 5. *The levy to be made on excess.*—The levy may be made upon the excess of the homestead, not laid off according to the provisions of this act, and that the officer shall make substantially the following return upon the execution: "A, B, D and E F summoned and qualified as appraiser or assessor, as the case may be) who set off to X Y the homestead exempt by law. Levy made upon the excess."

SEC. 6. *Appraisers to elect.* In case no election is made by the owner, his agent or attorney, or any one acting in his behalf, of the homestead to be laid off as exempt, the appraisers shall make such election for him, including always the dwelling and buildings used therewith.

SEC. 7. That whenever any resident of this State may desire to take the benefit of the homestead and personal property exemption as guaranteed by article X of the Constitution of this State, such resident (or his agent or attorney) shall apply to any Justice of the Peace of the county in which he resides, and said Justice of the Peace shall appoint as assessors three disinterested persons, qualified to act as jurors, residing in said county, who shall, on notice by order of said Justice, meet at the applicant's residence, and, after taking the oath prescribed in section two of this act for appraisers, before some official authorized to administer an oath, lay off and allot to the applicant a homestead, with metes and bounds, according to the applicant's direction, not to exceed one thousand dollars in value, and make and sign a descriptive account of the same, and return it to the office of the Register of Deeds.

SEC. 8. That said assessors shall set apart of the personal property of said applicant, to be by him selected, articles of personalty not exceeding in value the sum of five hundred dollars, and make and sign a descriptive list thereof, and return the same to the Register of Deeds.

SEC. 9. That it shall be the duty of the Register of Deeds to endorse on each of said returns the date when received for registration, and to cause the same to be registered without unnecessary delay.—The said Register shall receive for registering the said returns, the same fees that may be allowed him by law for other similar or equivalent services, which fees shall be paid by said resident applicant, or his agent or attorney, upon the reception of said returns by the Register.

SEC. 10. That if any person entitled to a homestead and personal property exemption, die without having had the same set apart, his widow, if he leave one, then his child and children under the age of twenty one years, if he leave such, may proceed to have said homestead and personal property exemption laid off to her, him or them, according to the provisions of sections seven and eight of this act.

SEC. 11. That when any person entitled to a homestead and personal property exemption, shall file his or her petition before a justice of the peace, to have the same laid off and set apart under the provisions of sections seven, eight, nine and ten of this act, the said justice shall make advertisement at the court house door of the county in which the petition is filed, notifying all creditors of said applicant of the time and place when and where the said petition will be heard: and the same shall not be heard, nor any decree made in the cause in less than six months nor more than twelve, from the day of making advertisement as above required.

SEC. 12. *Appraisal of personal property.* Whenever the personal property of any resident of this State, shall be levied upon by virtue of any execution or other final process issued for the collection of debt, and the owner, or any agent, or attorney in his behalf, shall demand that the same, or any part thereof shall be exempted from sale under such execution, the sheriff or other officer, making such levy, shall summon three appraisers as heretofore provided, who, having been first duly sworn, shall appraise and lay off to the judgment debtor, such articles of personal property as he, or another in his behalf select, to the value of five hundred dollars, which articles shall be exempted from said levy.

SEC. 13. *Return of the same.* Return shall be made of such appraisal and setting off of personal property, in the same manner as is required in section four of this act, upon the laying off of a homestead exemption.

SEC. 14. *Who to be appraisers.* The persons summoned to appraise the personal property exemption shall take the same oath and be entitled to the same fees as the appraisers of the homestead, and when both exemptions are claimed by the judgment debtor at the same time.

SEC. 15. *Tracts not contiguous*, included. Different tracts or parcels of land not contiguous, may be included in the same homesteads, when a homestead of contiguous lands is not of the value of one thousand dollars.

SEC. 16. *Costs how charged.* The cost and expenses of appraising and laying off the homestead or personal property exemption, when the same is made under execution, shall be charged and included in the officers' bill of fees upon such execution or other final process; and when made upon the petition of the owner they shall be paid by such owner and the latter cost shall be a lien on said homestead.

SEC. 17. *Liability of officer.* Any officer making a levy who shall refuse or neglect to summon and qualify appraisers as heretofore provided for or who shall fail to make due return of their proceedings, or who shall levy upon the homestead set off by said appraisers or assessors (as the case may be) except as herein provided, shall be liable to indictment for a misdemeanor, and he and his sureties shall be liable to the owner of said homestead for all costs and damages in a civil action.

SEC. 18. *Liability of appraiser.* Any officer or appraiser or assessor (as the case may be) who shall wilfully or corruptly conspire with any judgment debtor, or other appraiser, or assessor (as the case may be) to under value the homestead or personal property exemption of such debtor, or shall assign false metes, and bounds, or make or procure to be made a false and fraudulent return thereof, shall be liable to indictment for a misdemeanor, and shall be answerable to the judgment creditor for all costs and damages in a civil action.

SEC. 19. Any officer or appraiser or assessor who shall wilfully or corruptly conspire with any judgment creditor, or other appraiser, or assessor, to overvalue the homestead or personal property exemption of any debtor or applicant, or shall assign false metes and boundaries, or make, or procure to be made false and fraudulent return thereof, shall be liable to indictment for a misdemeanor and shall be answerable to the party injured for all costs and damage in a civil action.

SEC. 20. *Judgment creditor dissatisfied.* If the judgment creditor for whom the levy is made, or judgment debtor, or person entitled to homestead exemption, shall be dissatisfied with the valuation and allotment of the appraisers or assessors (as the case may be) he may, within ten days thereafter, or any other judgment creditor, within six months, and before sale under execution of the excess, notify the clerk of the township thereof, and file with him a transcript of the return of the appraisers or assessors, as the case may, and thereupon the clerk shall notify the other trustees of the township to meet him, at a time specified, within ten days, on the premises, to reassess and allot said homestead. At the time specified, the trustees shall meet on the premises and having first taken the oath prescribed for appraisers, they shall view and examine the homestead laid off, and make their report as required in section twenty four of this act.

SEC. 21. *Who disqualified to act as appraisers.* If any trustee, or any person summoned as an appraiser, shall be related by blood or marriage to the debtor, or judgment creditor, or shall be a party in interest, in any action against the former, he shall be disqualified to serve in the valuations of the homestead or personal property exemptions, and another person qualified in his place.

SEC. When the homestead or personal property exemptions is made or reallotted on the petition of the person thereto, the township trustees shall make their report as required in section twenty of this act, to the register of deeds, specifying what changes, if any, they have made in the former valuation and allotment, who shall register the same, as required in section nine, and when said homestead and personal property exemption is made, or reallotted under execution by a judgment creditor, the township trustees shall make said return to the clerk of the Superior Court, who shall file the same and make a minute thereof, on the judgment roll and the execution docket.

SEC. 23. *Cost of reassessment, how paid.* If the board of trustees shall confirm the former appraisal or shall increase the exemption allowed the judgment debtor, the levy shall stand only upon the excess remaining, and the judgment creditor shall pay all costs of the reallotment. If they reduce the amount allowed the judgment debtor, the cost shall follow the execution and the levy shall cover the excess then remaining.

SEC. 24. *How vacated.* Any appraisal or allotment by the trustees of a township may be set aside, on application of any party interested, for fraud, complicity or other irregularity. The proceedings shall be upon petition, as in other special proceedings, and the applicant shall give bond to the opposing party for costs and damages.

SEC. 25. *Fees.* The following fees and no other shall be charged in the proceeding: Each appraiser for laying off homestead or personal property exemption, or both, one dollar; officer for summoning and qualifying appraisers and delivering returns to clerk, one dollar; clerk of Superior Court, for filing return, and entering minute on execution docket, twenty five cents; for making transcript for township clerk when required to do so, fifty cents; township clerks for summoning trustees, fifty cents; township clerk for transmitting return, twenty-five cents.

SEC. 26. *Acts Repealed.* All acts or clauses or act in conflict with this act, or providing other means for the laying off of a homestead or personal property exemption, are hereby repealed.

SEC. 27. *Form.* The following forms shall be substantially followed in proceedings under this act:

On the 3d. ult., by the Rev E. W. Thompson, at the residence of the bride's father, Mr. E. W. RATLIFF to Miss JULIA H. GRADY, all of Anson.

On 24th, by Rev E W Thompson Mr. W. P. BEVERLY to Miss A. TEEL, daughter of Thos. Teel all of Anson.

DIED:

Died, in Anson county, on 30th. ult., after a protracted illness, Miss SALLIE, J., second daughter of Henry W. Dabberry, Esq.

Departed this life on the 23rd day of March 1869, at his residence in Chatham county, Mr. WILLIAM FESY, aged 92 years and 9 months. The deceased was a devoted and worthy member of the M. E. Church for over 50 years of his life; during which time his faith as a true Christian, was shown by his good moral conduct. We can not let the memory of this good man fade away with the dreams of the past without speaking a few words in eulogy of his life and character.—He was we believe, at the time of his death the oldest man in Chatham. He bore his infirmities, in the decline of life, with great fortitude and christian courage. In his family circle he was always kind and pleasant, and in all his dealings with men no one could possess a more noble disposition than did he. But few we think ever parted this world, leaving fewer enemies than he did. Oh! it would be a happy thought to know that we could all, like he, leave the world in peace with all men. It was never his desire to engage in the affairs of the world, the difficulties and strifes that were going on around him. His greatest ambition was to serve the Lord. It seemed to be his greatest pleasure to call around him little children and teach them the way to ever lasting life. His place was not in the stately Halls where public justice was want to be done, but in the synagogue teachings. "These are the ways of the Lord come ye unto me and be saved." He needs no monument erected to his memory. His light so shined through life that its reflections are carried beyond the grave. Like "Cato" he rather "prefered that it should be asked why no monument was erected to his memory than why it was." He died not the death of a philosopher but of a high and exalted Christian. Thus he has paid the last debt we all owe to nature and now his body mingles with its mother dust.

"For the living know that they shall die; but the dead know not any thing, neither have they any more a reward on earth; for their memory is soon forgotten." A FRIEND.

CHARLES' LONDON CORDIAL GIN, Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,

OF THE

UNITED STATES OF AMERICA,

WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

It is no longer a question with any man, who tenderly loves his wife and children, who considers how helpless would be their condition in case of his death, as to the duty of taking out a LIFE POLICY, but as to which Company he shall pay his money.

If he reflects a moment he will conclude to patronize the Company which shows the greatest degree of vitality, which extends its business over the largest area, which is a Home Company in every locality; which furnishes insurance at the least cost; which issues no policies that are forfeitable should he be unable next year, or any subsequent year to pay his renewal; and which is undoubtedly able to meet ALL ITS PROMISES.

With these feelings and views, he looks over the newspapers, and, by the time he gets through reading the advertisements of Mutual or Mixed Companies, he finds his mind so fuddled that he is at a loss where to go or what to do. He can not comprehend one-half that is written, and concludes that none but ACTUARIES, who are familiar with the principles upon which Life Insurance is based can comprehend or explain anything about dividends and his liability for notes given in part payment of premiums. In his dilemma, he looks into the plan adopted by the

NATIONAL

LIFE INSURANCE COMPANY, U. S. A.,

and finds just what he wants:

An ALL CASH PLAN, reduced to the LOWEST MINIMUM Rate, like any commodity in Market, so much Insurance for so much Money. No notes to give; no interest to pay; no anxiety about Assessments; no apprehension of his Policy being forfeited next year if he does not pay his annual Renewal; and the RATES so much LOWER than other Companies, that he realizes a larger Dividend, IN ADVANCE, than other Companies can pay him in the future.

He finds that, instead of this UNCERTAIN PROMISE, and present high rate, that the

NATIONAL

presents a certain and definite sum for a much lower rate, and puts up its paid up Capital of

$1,000,000

as a guarantee fund, that its contracts will be fulfilled, and, like thousands of others, cheerfully calls on their Agent to make his application for a Policy. Hence the unprecedented and most wonderful success of the NATIONAL as contrasted with the older and Mutual Companies.

The Company issued its first policy on the 1st of August, 1868, and up to March 1st, 1869, it had issued 3,582 policies.

Amount insured,	$10 005,550.00
Total Premiums,	350,117.03

The whole number issued by the Connecticut Mutual in the first year of its existence was 893

By the Mutual Benefit of New Jersey,	693
" New England Mutual,	348
" Phoenix Mutual,	335
" Massachusetts Mutual,	312
" Equitable of New York,	277

The Mutual Life, of New York, in the first year of its existence, only issued 470 policies.

In its 10th year, 1,280 "
And in its 20th year, 2,842 "

this latter being 690 *less* than was issued by the NATIONAL in its first seven months.

WASHING COMPOUND.

Patented Sept. 24, 1868.

REASONS FOR PREFERRING THIS SOAP.

The Patentee claims for this soap the following advantages which are clearly set forth in the Letters Patent, to-wit:

First, it can be manufactured at less than half the cost of any soap ever produced.

Secondly, it may be used successfully in any kind of water—cold or hot, hard or soft.

Thirdly, it so modifies the action of boiling water on woolen goods that their fibres do not contract under its influence, and your woolen garment is as large after boiling as before.

Fourth, it does not decompose the colors of goods, and your prints and stripes are as brilliant after washing as before.

Fifth the goods do not require any rubbing or pat at washing machine—all that is necessary is a few minutes boiling and a good rinsing.

AN ANSWER TO THIS GREAT QUESTION:
"Where to Get First-Class Goods at Reasonable Prices?"

AS FAR AS GOODS ARE CONCERNED, my Cloths, Cassimeres, &c., are first-class in style and quality. It really does the eye good to examine them.

The art in making up such Goods stylish and becoming is simple and correct, and almost an impossibility to fail in making a PERFECT FIT.

My stock of READY-MADE CLOTHING, mostly custom work, as well as Gentlemen's Furnishing Goods, Hats Boots and Shoes, &c., is large and well selected, and I am willing to Retail at Wholesale prices.

Don't fail to call on your servant.
apr8-tf M. GRAUSMAN.

CAUTION! WE desire to warn the dealers in, and consumers of Snuff generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their stuffs, felt themselves obliged to counterfeit the general appearance of our packages and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's Snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's Snuff is "far ahead" of all others, being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast) or Fresh Snuff (Extra Scotch) is desired.
P. LORILLARD, New York.

CAPITAL OF THE STATE.

Daily, Semi-Weekly and Weekly.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

And, in one word, no effort will be spared to make the SENTINEL, in all respects a reliable

THE OLD RALEIGH & GASTON RAIL ROAD THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD, UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R!

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of shippers, North and South, for the last ten years, as the ten Thousand Shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NEW METHOD OF WASHING CLOTHES WITHOUT LABOR.

THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL [illegible] ble and universally recommended. It can be used on any Stove or Range, in any boiler, and the low Price of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the state.
